The Piedmontese Association of the United States (PAUS) is a 501c(5) non-profit organization that was founded in 1984 and incorporated in 1987. The primary purpose of PAUS is to register cattle, promote the breed, and provide help and support to our members.

PAUS is dedicated to serving the needs of the Piedmontese breeders and its members nationwide. The organization is managed by a volunteer Board of Directors, who are elected by the members they represent. Membership in the association and participation in the election process is fundamental to our organization and essential to our continued progress and success.

Each active member has an **equal vote** at every election, and all members have a chance to serve on the Board of Directors. The Board of Directors continually strive to make decisions to benefit the whole of the association, the members, and the Piedmontese breed, but their job becomes difficult without continued participation from active members. Please consider serving on the Board and helping the association progress into the future. To learn more about volunteering to serve, or if you need more information about the association or this wonderful breed, please contact one of the local regional Directors or the PAUS office.

Registration & Transfer Information

Fullblood & Purebreds: (under 2 years of age) \$35.00
(Over 2 years - an extra \$10 fee will be assessed)

It is **mandatory** that all Fullblood and Purebred animals have the following tests:

1. DNA Parentage Verified - Both Sire and Dam of the animal must qualify through DNA testing. **(SNP testing method)**
2. Myostatin Test - confirm animal carries 2-copies of the C313Y gene.

Tenderlean (2-copy Myostatin): (Under 2 years of age) \$35.00
(Over 2 years - an extra \$10 fee will be assessed)

It is **mandatory** that all animals in this category be tested & verified to be a 2-copy carrier of the Myostatin gene.

These animals do not have to be sire and/or dam verified, but it is encouraged for EPD data collection. Pedigrees will not be printed on the certificate unless the sire and/or dam qualify thru DNA testing.

Tendercross (1-copy Myostatin): \$20.00

It is **mandatory** that all animals in this category be tested & verified to be a 1-copy carrier of the Myostatin gene.

These animals do not have to be sire and/or dam verified, but is encouraged for EPD data collection. Pedigrees will not be printed on the certificate unless the sire and/or dam qualify thru DNA testing.

Percentage Animal (0-Copy): \$20.00

It is **mandatory** that all Percentage animals have the following tests:

1. DNA Parentage Verified - Both Sire and Dam of the animal must qualify through DNA testing. **(SNP testing method)**
2. Myostatin test - confirm animal carries 0-copies of the C313Y gene.

As there is NO DNA test that can determine the percentage of Piedmontese blood in an animal, the amount listed on the registration papers will be determined by the combination of percentages of the DNA verified sire and dam.

Transfer Fees: All animals \$15.00

Family Transfers: All Animals \$5.00

NOTE:

All prices printed are subject to change through Board approval.

Registration, transfers, and testing fees are the responsibility of the breeder (seller).

Registrations are completed AFTER DNA testing confirmation.

All fees are double for non-PAUS members & Associate members

The Piedmontese Association has these individual committees as a way to keep the organization functioning in a manor that we believe to be the most beneficial to our members. Please remember, if you are listed as the Chairperson it is your responsibility to keep in contact on a consistent basis with the other members in your committee and then relay any pertinent information to the office, board president, or your regional director so that it can then be addressed in a board meeting and/or sent out to the other members. We could not exist without your help and participation and greatly appreciate your efforts to keep the Association moving in the right direction! If you are not currently on one of these respective committees and would like to be, please contact your regional director for more information on how to join. All members have unique insights and talents that, when shared with the whole, can produce a much healthier and active organization!

DNA Testing Information

- You can download forms from our website: www.pauscattle.org or contact the PAUS office.
- **You MUST order your DNA testing through the PAUS office.**
- You will be invoiced and pay for your testing through the PAUS office.
- Your DNA samples, along with an order manifest, will be mailed directly to Neogen.

DNA TESTS	PRICE	Information
<u>BEST VALUE</u>		
SNP Parentage plus Myostatin Combo	\$27.00	This test is mandatory for all Fullbloods, Purebreds and Percentage animals, and optional, but recommended for Tenderlean and Tendercross registered animals. This is the best cost savings option.
SNP Parentage Only	\$15.00	This is the recommended test for ALL registered cattle, but should be combined with Myostatin for new registrations.
Myostatin Test Only	\$18.00	This test is mandatory for all registered animals.
Microsatellite STR Parentage	\$17.00	This test is available but should only be used when SNP testing is not an option for parent verification.
OTHER TESTS		
IGENITY® Beef Profile	Lab set	This test includes SNP Parentage markers plus the profiles traits. DNA sample must be submitted to Neogen directly for testing (NOT through PAUS office) - Customers need access to their private Igenity dashboard in order to view the results, and must send a copy to the PAUS office!
BVD PI	\$6.50	
Hair Sample Fee	\$4.00	This fee is added to ALL DNA hair samples submitted for processing.

Prices listed above were at the time of publication. Actual prices may change depending on the charges from the lab.
